AWARDS & CASH DISTRIBUTION

Tournament Award (Top Teams)

Awarded to the top three teams based on the heaviest single black or blue marlin weighed.

Top Dorado

Awarded to the team that catches the heaviest dorado. If there is no winner in this category the prize money rolls to the Top Tuna.

Top Tuna

Awarded to the team that catches the heaviest tuna. If there is no winner in this category the prize money rolls to the Top Dorado.

If there are no qualifying Dorado or Tuna weighed, the prize money in these categories rolls to the Top Teams (billfish) category.

Optional Daily Categories

Awards are based on Optional Daily Category entry fees with a ninety percent return. The amount allocated to cash awards is split evenly between the three days of competition.

Billfish Jackpots

Of the amount allocated to billfish jackpot cash awards for any particular day, one hundred percent is awarded to the team that catches the heaviest qualifying black or blue marlin of the day that is also entered in the daily category.

For example: Team A is entered in the \$500 Daily Category only. Team B is entered in the Daily Categories across the board. Team A catches the heaviest fish of the day, Team B catches the second heaviest fish of the day. Team A would win all of the cash for that day in the \$500 Daily Category only. Team B would win all of the cash for that day in the \$200 and \$1,000 Daily Categories.

If there is no winner on a particular day the prize money for that day rolls to the following day, unless it is the last day of the tournament in which case it rolls backwards to the largest fish caught in the category.

Gamefish Jackpots

The Gamefish Daily is first split 50/50 between the two species. Then, of the amount allocated to the dorado cash awards for any particular

day, one hundred percent is awarded to the team that catches the heaviest qualifying dorado of the day and, of the amount allocated to the tuna cash awards, one hundred percent is awarded to the team that catches the heaviest qualifying tuna of the day. You must be entered in the Gamefish Daily to win.

If there is no winner on a particular day the prize money for that day rolls to the following day, unless it is the last day of the tournament in which case it rolls backwards to the largest fish caught in the category.

CASH AWARD DISTRIBUTION			
TOURNAMENT AWARD	NUMBER OF WINNERS		
	3	2	1
1st Place	65.00%	71.25%	100.00%
2nd Place	22.50%	28.75%	
3rd Place	12.50%		
TOP DORADO			
1st Place	100.00%		
<i>If there is no winner money rolls to top tuna.</i>			
TOP TUNA			
1st Place	100.00%		
<i>If there is no winner money rolls to top dorado.</i>			

If there are no qualifying fish caught of a particular species throughout the entire tournament, the money for that species rolls to the other species on a day by day basis.

For example, if a qualifying dorado is caught every day, but no qualifying tuna are caught at all, the day 1 tuna jackpot money rolls to the day 1 dorado and the day 2 tuna jackpot money rolls to the day 2 dorado.

OTHER TOURNAMENT AWARDS

Top Release Teams

Awarded to the top three teams that accumulate the most billfish release points. This is a trophy category—no cash is awarded.
